The Ultimate Touring Experience

The aerodynamic concept, the low weight ratio, the integral steel superstructure and the incomparable driving comfort have been the classic characteristics of Eriba Touring caravans for over forty years. These qualities combined with the ingeniously arranged interiors, the luxurious furniture, the interior sprung seating and the comprehensive equipment level have identified Eriba as a grand marque.

40 Years of Success

The original model of the Eriba Touring range appeared in the year 1956. Thus, the Hymer organisation is one of the most experienced European enterprises in the development and the production of Touring caravans and motorhomes. Their skill is amply expressed in every model produced. The experience that offers the buyer the desired product guarantees. More than 100.000 Eriba caravans have made their tracks on the roads worldwide and have established the Hymer marque as one of the most valued and most acknowledged in the world.

■ The aero construction process with its legendary self supporting anti-corrosion-treated steel superstructure, its GRP main and elevating roof.

■ A rigid structure light in weight and low in height.

■ A construction with a proven durability and exemplary road stability.

■ The optimum Eriba aerodynamic profile viewed from above.

Touring

Note: All UK specification models have matching cherry-wood-finish worktops/tabletops and colour co-ordinated parquet wood-effect vinyl floorcovering (These details are not shown in the brochure).

Small exterior - Spacious interior. The main picture shows the Eriba Puck with Cordoba upholstery and Cherry furniture decor whilst the inset depicts the Troil T with its permanent rear bed arrangement in Malta upholstery.

Touring

Note: All UK specification models have matching cherry-wood-finish worktops/tabletops and colour co-ordinated parquet wood-effect vinyl floorcovering (These details are not shown in the brochure).

Main picture illustrating Triton T interior with furniture decor in Beech with Cordoba upholstery. Insets: Duo T dinette with Malta upholstery; Toilet compartment module with Thetford cassette toilet.
